Pollux was an extremely deep person and wanted to commit suicide. But because he had an immortal body, he couldn't go to the dead. Therefore, he asked his father Zeus, hoping that he could be with his older brother forever. Together with Castor, they became the sky's Gemini...

But later on, the older brother, Castor, died along with numerous other people due to a dispute.

The older brother, Castor, was an expert on horse-back riding. The younger brother, Pollux, was an expert at boxing. Both of the brothers got along very well as twins.

YULKI-KUN, CROSS OVER TO YULITA-KUN AND LIVE HAPPILY-!!

Figure 1 consists of two bar charts. The left chart is titled 'All respondents' and the right chart is titled 'Respondents who have been personally affected by the economic crisis'. Both charts show the percentage of respondents for four levels of agreement with the statement 'The government should do more to help people who are struggling financially'. The y-axis represents the percentage, ranging from 0 to 100. The x-axis lists the levels of agreement: Strongly agree, Somewhat agree, Somewhat disagree, and Strongly disagree.

A large, black and white illustration of a character's head and shoulders, partially submerged in a turbulent, swirling mass of water or clouds.
